Caring for the Community

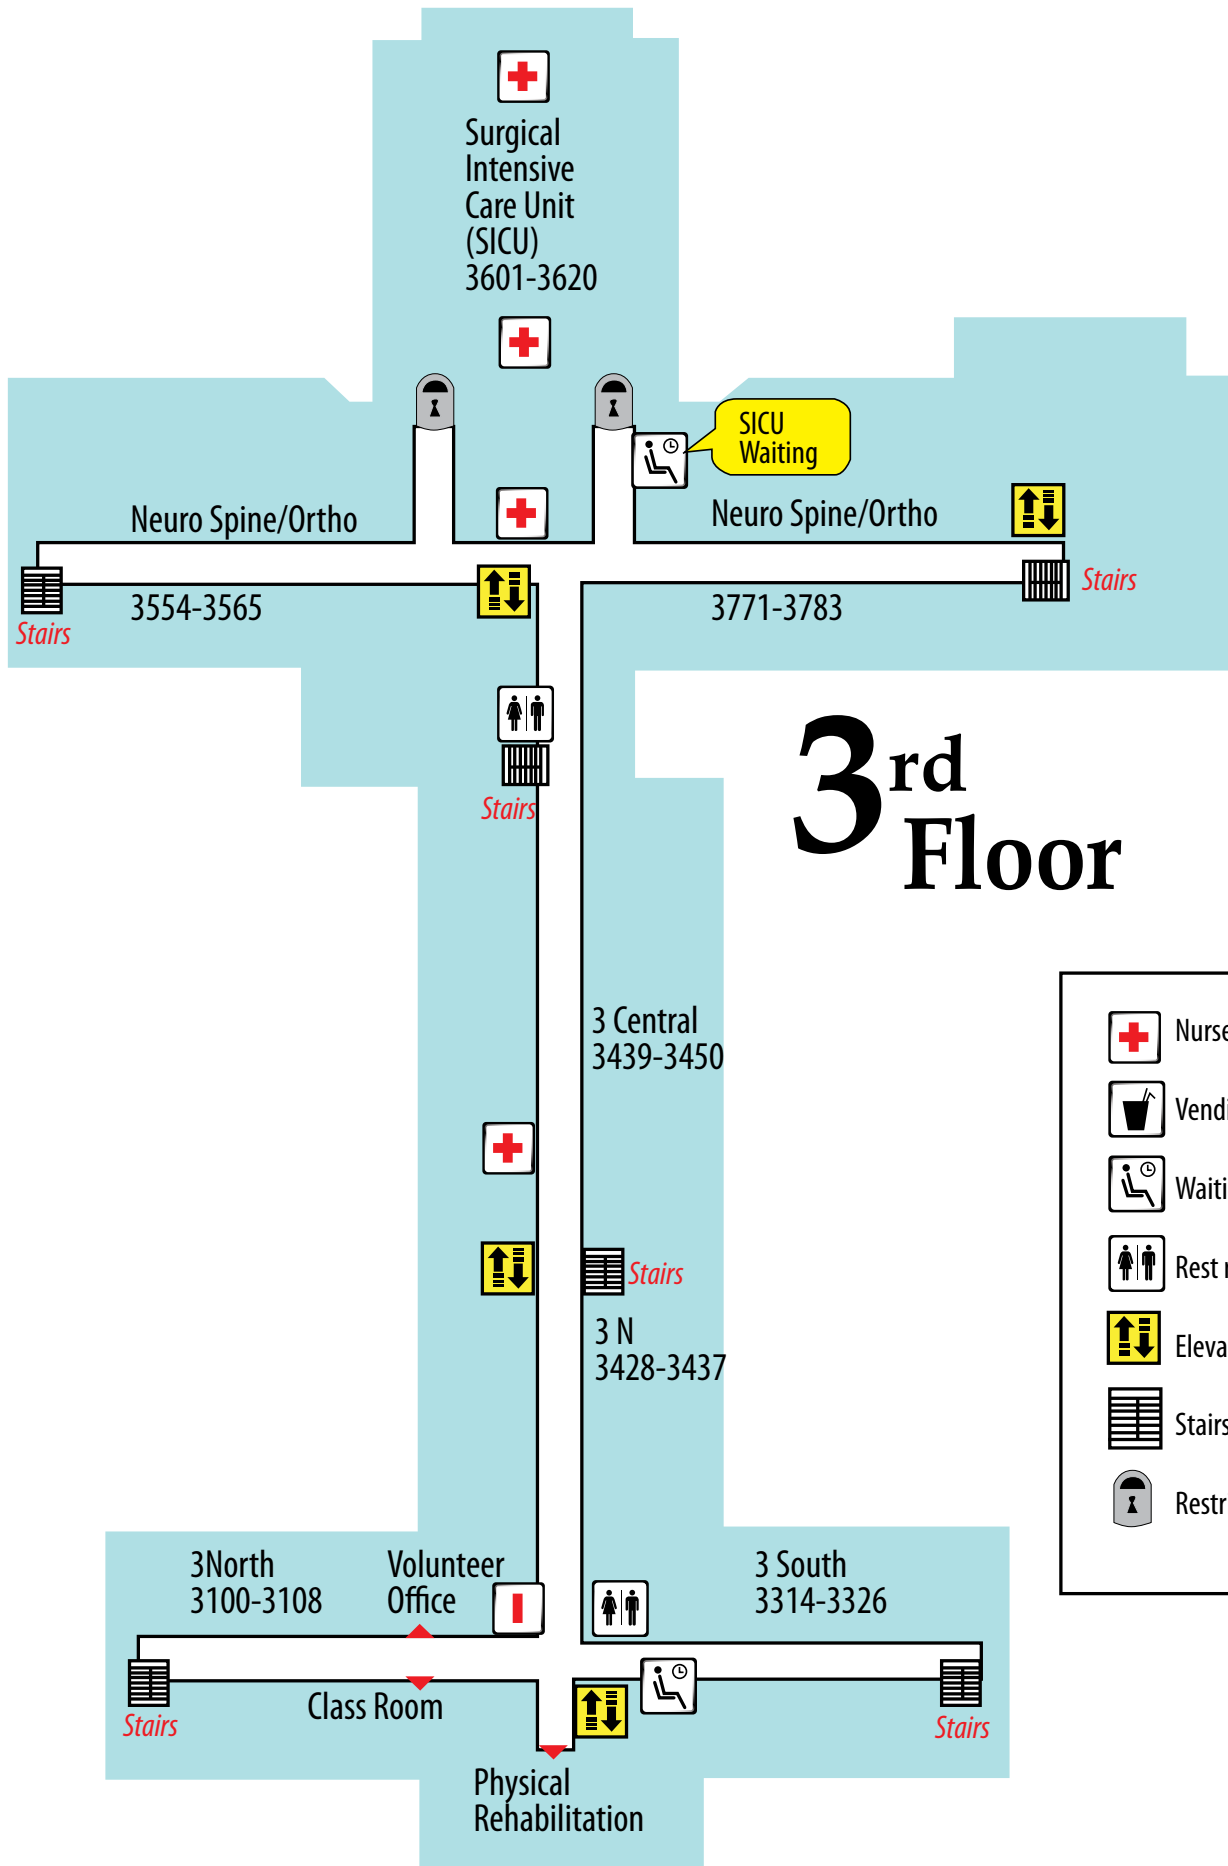

Reflecting ever-evolving medical technology, Regional Medical Center Bayonet Point continues to expand and provide the newest technologies available to our patients. A proven leader, RMCBP is committed to providing the community with the highest quality healthcare in a comfortable, caring environment.

Regional Medical Center Bayonet Point has been awarded accreditation by The Joint Commission and continues to receive accreditations and national recognition from The American Heart Association, American College of Radiology, American College of Surgeons, Society of Chest Pain Centers and others.

Car crashes and other traumatic events can happen without notice. In regions such as ours – where trauma patients are transported to a trauma center miles away – the impact on lives can be profound. We're proud to announce that Regional Medical Center Bayonet Point was awarded provisional status as a Level II Trauma Center to serve Pasco, Hernando and Citrus Counties. A Level II designation signifies: 24/7 coverage by a trauma surgeon, 24/7 access to surgical and non-surgical specialists, on-call neurosurgeon, on-site anesthesia provider, surgical services team and emergency nurses.

Visitors Need to Know...

General Visiting Hours:

11:00 am – 8:00 pm, not more than two (2) visitors visiting at any one time.

Rest is important to the recovery process; therefore, visiting hours and the number of visitors are limited to maximize patient comfort. Check at the Welcome Center/Information Desk in the main lobby for the patient's room number and telephone extension. Children under the age of twelve (12) must be accompanied by a responsible adult at all times while in the hospital to assure a safe environment for the child and patient

Intensive Care Units' Visiting Hours:

Open visitation, with the exception of 6:00 am to 10:00 am and 6:00 pm to 8:00 pm

Cardiac Care Unit – Rooms 2601 – 2620 (2nd Floor)
Cardiac Surgical Unit – Rooms 1801 – 1820 (1st Floor)
Surgical Intensive Care Unit – Rooms 3601 – 3620 (3rd Floor)

Seriously ill patients need as much rest and quiet as possible. Visitors are asked to minimize any noise, and to remain in their loved one's room or in the designated waiting room. Visitors are asked to limit their visits to two (2) persons at a time. Food and beverages should not be brought into the patient's room. When a nurse or physician ask a visitor to leave the room in order to provide care to the patient, visitors may wait outside the unit and staff will inform them when they can resume their visit. **Children are allowed at the discretion of the charge nurse.**

RMCBP follows the guidelines from CMS and the Agency for Health Care Administration Aspen Federal Regulations on Patient Visitation Rights. RMCBP hospital prohibits discrimination based on age, race, ethnicity, religion, culture, language, physical or mental disability, socioeconomic status, sex, sexual orientation, and gender identity or expression.
