

CNOR EXAM PREP AND REVIEW WORKSHOP

This two day course is designed to prepare perioperative nurses to take the CNOR exam and to demonstrate clinical competence and knowledge of practice standards.

COURSE BENEFITS:

You will learn strategies to help you feel less intimidated. Some simple tricks will help you identify the most likely answer to multiple choice questions even before you consider the content. You will leave with a personal study plan and take six practice tests over the two day course that will help boost your confidence.

Sterilization and maintaining sterility is fundamental to perioperative nursing practice. You will review all aspects of sterilization, product selection, skin preparation and strategies to reduce surgical site infections.

You will be able to identify the perioperative nurse's role in safe administration of anesthesia. You will know the common uses and what considerations you should be thinking about for different administration techniques and anesthetic agents.

You will identify the nurse's role in caring for patients with surgical emergencies and perioperative complications. When the patient is the most vulnerable, the perioperative nurse must be the most knowledgeable and decisive. This review will help you be the best advocate you can be when your patient needs you the most. You will identify the professional nurse's role during surgery. Perioperative nursing is a profession that requires skill, science and planning. We will review how those attributes will benefit the surgical patient and help the nursing health care professional to provide best outcomes for his or her patients.

CNOR PREP AND REVIEW COURSE

Do you need to prepare for the CNOR exam?

Zander Perioperative Education is committed to helping you succeed. We've taken our already successful CNOR Preparation and Review course from the classroom to the computer. With this version of the course, you will have access to the same information that has already helped thousands of OR nurses prepare for AND pass the CNOR Exam.

Now you can break the course up as you see fit to better accommodate your busy schedule. Wendy Zander leads 16 hours of in depth review with the same easy, light-hearted style as the live events.

Even though this course is held online, our commitment to your success hasn't changed one bit. We continue to coach one on one and we remain resources to our attendees even after they become certified. We offer a life long partnership for professional development before and after certification.
