

CNOR Prep and Review Course

This two day course is designed to prepare perioperative nurses to take the CNOR exam and to demonstrate clinical competence and knowledge of practice standards.

Course Benefits:

The one thing that we are most proud to deliver as a part of this class is our personalized study plan. You'll leave this class having learned exactly how the writers of the exam go about creating the questions, where they go to source their information, and how YOU personally can best use that knowledge to study. In addition, you'll have taken seven tests over the two days of class that reflect the content and style of the exam to better give you a feel for what it's like to apply these skills in practice. After you attend, you'll have access to a recording of the class for 120 days and an additional 200 practice questions to help you prepare for the exam. If at any point you need any more help, do not hesitate to call or email!

The CNOR exam is a perioperative exam, covering preoperative, intraoperative, and postoperative nursing. Since many nurses specialize in only one of these areas, it is vital to understand the rationale behind the entire perioperative nursing process from start to finish. We will discuss several topics over the two days of class; all aspects of sterilization the safe administration of anesthesia, the nurse's role as a patient advocate, and the professional nurse's responsibilities both ethical and legal, all from the perspective of the perioperative nurse. The discussion of each topic that we present is carefully and consistently tailored to reflect the most up to date version of the exam. This class will help you develop not only the understanding that you will need to pass the exam, but also develop confidence and clinical competence in your own nursing practice.

This nursing continuing professional development activity was approved by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Zander Perioperative Education

239 Bradford Hill Rd
Mills River, NC 28759

4:30 Pacific

The class is recorded. If you drop in a little late or have other obligations, don't worry. There is not a requirement to attend live. You will have access to the recordings for four months after class and will be able to complete your course at your leisure using these recorded sessions.

This is a live interactive class. We will meet in a virtual classroom. You will see and hear the class over your computer. You are able to ask questions through the moderator by typing into a chat window. You take the same practice tests and will receive 16 contact hours just like the people who are sitting in the classroom. This web based program does not require that you download anything to participate. You do have to have a broad band internet connection and speakers. The hand outs and practice tests will be mailed to the address you enter into the PayPal site and should arrive by the Wednesday prior to class. Easy to follow instructions for attending class will come in your confirmation email once you register.

This class will be broadcast from Richmond, VA You can take the same quality CNOR Prep course offered live without the time and expense of travel and hotel.
